Elements for a great outdoors®

A world of options. A world of difference.

M.E. O'Brien and Sons is a family operated business that takes pride in its carefully built reputation for quality service throughout New England. Founded in 1929, we continue to provide our clients with high quality equipment and service they deserve. A third generation of the O'Brien family continues to provide the same customer service as the previous two generations. We constantly strive to ensure that our name is associated only with the finest manufacturers. Caring, courteous service to clients is backed by unwavering integrity.

Long known as "New England's Recreation Specialist," we offer capabilities that are, in fact, quite broad as well as providing the entire spectrum of site amenities for a variety of projects. Crucially important to serving the individual needs of our clients are our custom capabilities. Collaborating with our manufacturers' experts and technicians, we have been highly successful in transforming client ideas and designs into practical products and solutions to meet the challenges of today's marketplace.

For more than 80 years our name has been synonymous with integrity, value and quality. That, along with our renowned service and support, has made us the oldest and largest company of our kind in New England.

Our service adds to your success.

Complementing our wide array of offerings are the services you need to ensure the success of your project. We'll support you at every phase, from initial site consultation to completion.

That includes providing you with products and designs that meet current regulatory codes, as well as assistance with any specialized resources you may require.

A serious selection of play spaces

When it comes to helping you create well-designed, imaginative and attractive play spaces, we don't kid around. At O'Brien & Sons, we work hard to ensure the success of your project by delivering the utmost in craftsmanship, durability and safety. In addition to a vast assortment of quality playground equipment, including aquatic splashpads, we offer an array of shock absorbing surfacing to prevent injuries. To reduce maintenance and keep loose surfacing in place, we also offer perimeter edging materials.

- Landscape Structures, Inc.™
- PlaySense
- Vortex Splashpads
- Custom Signs
- Poured-in-Place Surfacing for Playgrounds and Splashpads
- Turf Playground Surfacing
- Loose-Fill Rubber Surfacing
- Engineered Wood Fiber Surfacing

Playground Components, like this OmniSpin Spinner, provide valuable Vestibular Sensory Stimulation and Encourage Interactive Play. The Omnispin Spinner includes High Backed Seats to Provide Full Body Support for Great Inclusive Play.

Nature-Inspired Playgrounds with Realistic Textures and True-to-Life Animals Blend the Wonder of Nature with the Latest in Playground Innovation, Safety and Durability.

Splashpads offer great ways to play in water. Interactive and surprise elements, safety and accessibility make these aquatic play areas the best choice for water fun.

Inclusive Playgrounds, like the one shown here, include play components that provide greater physical stability and deeper auditory, visual and sensory stimulation so all kids can be equal in play.

Playground customization offers many opportunities for creating themes, increasing imaginative play and allowing your playground to be one-of-a-kind

Zero-Depth Splashpads are the perfect solution to safe and affordable water fun.

Skatewave ramp products are safe and durable to withstand multiple abuses from skateboards, bikes and their users who are constantly challenging themselves. Using the best materials available allows our equipment to meet the needs of the users and municipalities.

Let us assist you with athletic equipment such as basketball outfits, field equipment, baseball bases, backstops and tennis posts.

Recreation equipment with a competitive edge.

For recreation and athletic equipment, O'Brien & Sons is at the top of their game. With the highest quality products available, you can count on year after year of winning performance. From traditional track and field equipment to bleachers and seating, O'Brien & Sons satisfies the needs of both athletes and spectators, alike. We also have the latest in modular skatepark equipment for fans of alternative sports.

- Douglas
- Gill Athletics
- Jaypro™
- P.W. Athletic
- Scoremaster®
- Skatewave®
- National Recreation Systems, Inc.

Bleachers come in a variety of designs options. Elevated, non-elevated, ramps for accessibility, press boxes and bleacher size are just a few things to think about.

For site structures, we've got you covered.

O'Brien & Sons is a natural for protection from the elements. Representing the best building and shelter manufacturers, our site structures are as practical as they are attractive. Quality constructed, with a wide choice of both innovative and classic designs, they can meet various needs and embellish any landscape. Whether you're looking for booths, shelters, gazebos or the latest in sun and heat protection, you can be comfortable choosing O'Brien & Sons.

- Polygon Steel Shelters
- Polygon Wood Shelters
- Parasol Fabric Shade
- Fabric Architecture
- Tensile Shade Structures
- Shade Systems
- Fabric Shade
- Cedar Forest Products

Polygon Park Architecture products include shelters, gazebos, pavilions and kiosks that take into account each site's distinction.

Fabric Shade Structures provide sun protection with heavy duty U.V. screening to protect people and property from the harmful effects of overexposure.

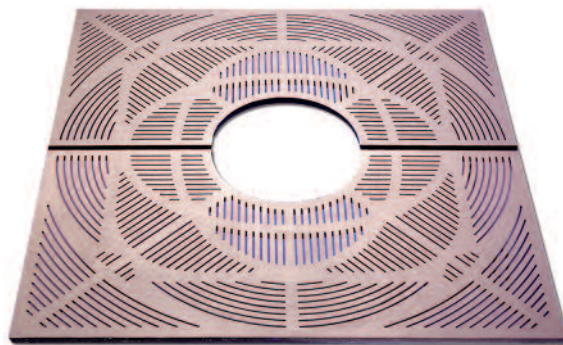

Wood Structures can include Laminated Wood Beams, tongue-in-groove sub-roofs and a variety of roof materials from shingles to Standing Seam Metal.

The natural choice for anything man-made outdoors.

Only Mother Nature has more ways to beautify your landscape. O'Brien & Sons is the only source you need for aesthetically pleasing elements, which can add architectural interest as well as safety to your site.

- Ironsmith Tree Grates, Guards and Bollards
- Came Bollards
- PathMat Beach Access Systems
- Superdeck Dock Systems
- Murdock Drinking Fountains
- PLP Composite Flagpoles

Tree Grates not only beautify city landscapes but also help to maintain clean and safe walkways and promote healthy trees.

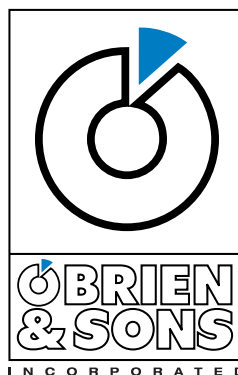

Bollards can offer security to an access way or buildings and help to separate pedestrians from vehicles.

“The endurance of a company depends
on how well it regards its customers.
They require value, quality, responsiveness,
courtesy, and fairness. Our products and
services reflect that fact.”
